“ Dear Aunt Franny, I was just a small child when we were taken away from all of you but I've always remembered that smile you had! I never once heard you say one bad thing or hurtful thing to any of us! Later in life I had the pleasure of Meeting our Sammy for the first time and she's just like my sister to me! She blessed me with the opportunity to reunite with you and for a couple of years we got to enjoy visits with you and I finally got to see my Aunt Franny again and hold your hand and tell you that I loved you again! So many years have passed but I remember your kindness and how you always had a smile for us even when no one else did! You are going to be missed so terribly down here! I want to Thank you for giving me Samantha as her being in my life has filled a void that I've had since my sister died! So when you make it to those Golden streets please let all my loved ones know so love them and I'll be there too when my time comes! But for now Sam and I have each other and that makes life a little less gloomy ! RIH sweet Aunt Franny

“ *Mom, I wake up missing you every day! How I wish you were still here for me to look into your beautiful blue eyes and see you smile at me one more time. My heart can't take the pain of losing you, my hero, my mother and my father . A mother in so many more ways than a dad but you always made sure if I was in need you were there! I will never comprehend the reason for your passing but I know God has gained the most beautiful angel that ever walked this earth ! Mom I miss you more than the flowers miss the sunshine ! I wish I had you here with me so I could hold you in my arms and tell you I love you once more. The last dinner we shared was your hot dog in your room , I sat on your lap and we shared your hot dog! You looked at me and asked me if I was there to take you home with me! How I wish I could have taken you home right then and kept you for the rest of your days here on earth! Mom I will never ever forget you and I will always cherish and love every memory we've shared and every breath we breathed together! I just hope you know how much I loved you with all my heart! RIH Love always Samantha Lynn Kellerr (Sammy)*

“ Lil Francis (Punky) Wants to extend her deepest sympathy. Francis Senter is my Beloved Mother.. She was beloved by all that knew her . I loved my mom more than anything on this earth! We’ve shared so many cherished memories . Our mother was our rock and would stop at nothing to come to come to us in time of need or despair! She was our hero and the glue that held us all together. The mother and father to all 7 of her children alone. Francis cherished each one of her kids and would move mountains to make sure we were cared for and never in need . She will be sadly missed by the family and the friends that she made through this life’s journey. She wasn’t only a mother to her 7 children but to many other children that came through her doors and became a part of her life I love you mom! Rest in the arms of Jesus and tell him we are coming too! Love , Lil Francis (Punky)
