“ The little things that you remember, the quiet moments, smiles and laughter. In time these memories will push their way through the pain, like spring flowers through the frozen ground. Yes, your loss will always hurt, but in between there will be happiness again. With Deepest Sympathy for your loss. Sherry cline belcher

“ My deepest condolences to all of Kathy's family and friends. I have not seen her or her family for many years, life is that way. But I would like to say that she and her family were never forgotten, you have lived in my memories and heart always. To Mike and Sharon I am sad for you with the loose of another sister and would like you to know I have you in my heart. I remember the times we spent together and have often looked back on them as some of my fondest memories as with all the family. I do regret not making more of them with you, I'm sure they would have been good ones but have hope we still can. It looks like Kathy built a great family for herself and I am sure she will be dearly missed. From my heart I send my love to all of you and my wish for all to take strength in one another as you gather to celebrate Kathy, With love Gordon Green and all of us from Suffolk
