“ *Calvin, The memory that I have of Patty that forever stays in my mind is, Patty literally chasing you around the nurses' station at Stevens Clinic until you let her catch you! And when she caught you, she said, "I'm never letting you go!" And she didn't let you go until nature took her. But the Lord received her with open arms. You can draw strength in that; she is waiting for you, just like Lonnie is waiting for me. Then we will have that glad reunion day! Praise the Lord!*

*I was so upset to hear about Patty, we went to church at the Big Sandy Church of God and knew her for a long time, she was a very special and unique person. She was devoted to Calvin and her daughters. As soon as I heard about her I said "She is with Samantha." She too was our little Band-Aid Kid. She will be missed and thought of. Sending Love and Prayers to Calvin, Savanna, all of her sweet family members. Rest in the love and peace of God Patty we will see you again in our new homes with Jesus.*

*The McDowell County School of Practical Nursing will miss Patty's influence on the Advisory Board. She has served with great compassion and sincere concern for the school and the graduates. I have known her for many years and worked closely with her for the past 34 years. I respected her position and her contributions to our community in many different areas. For the many deeds she has done for the students as well as the graduates of our programs, both practical nursing and nursing assistant, we will be eternally grateful. In her own uniqueness, she did many of these deeds without wanting any accolades. That is what made her so unique and very special, always caring for others first. As a member of the CTC School of Practical Nursing Advisory Board I know we have lost a very special member and our love and prayers are for her family, her employees and all of those she has touched through the years.
