“ To the best Grandfather I have ever had. You truly inspired me in life. You were my rock and you were the reason why I was so strong. I wanted to make you and all of my family proud of me. I'm glad you went knowing that I am in a safe house and I am succeeding in life. I've been scrolling through all of your pictures and all the memories we had and it really breaks my heart that your really gone. I miss you so much and im so sorry that I couldnt give you the my last hug before you went, but because you always lit up every room you walked in and always had a smile on your face, I will do the same thing to keep you proud of me becausue I know you wouldnt want me crying everyday. You would want me to live my life and you would tell me not to take no crap from noone and live life how I want it to be lived. I love you so much and there will never be a day where im not going to miss you. I will never forget your name. You are forever my hero. Love you beautiful Granddaughter Christy.

“ Bobby will always be remembered for his love of family, his outrageous humor and his ability to survive under adversity. He was a wise and innovative man. He was resilient too. We rejoice that now he has no pain, no worries, no more tears. He has his own heavenly mansion and he's dancing on the streets of gold before his Jesus. See you soon Bobby!
